

Accu-Trak Hubodometers Warranty Policy (effective January 1, 2008)

Standard Units

Accu-Trak Standard Hubodometers come with a standard three (3) year unlimited distance warranty. All warranty considerations must obtain a return material authorization (RMA) from OEM prior to being returned. Hubodometers returned for warranty consideration must be received freight prepaid. OEM will repair or replace any unit which we find to be faulty that fall within the defined warranty period. OEM disclaims all other warranties expressed and implied, including any warranties offered by third-parties. OEM is not responsible for units that are older than three (3) years from the date of manufacture. Units that have been abused, improperly installed, or tampered with are also not eligible for warranty consideration. Units that are refused warranty will be scrapped at our facility. Units that are repaired or replaced at no charge will be shipped prepaid to the sender, unless otherwise noted.

Heavy-Duty Rail Units

Accu-Trak Heavy-Duty Rail Hubodometers come with a standard (1) year unlimited distance warranty. All warranty considerations must obtain a return material authorization (RMA) from OEM prior to being returned. Hubodometers returned for warranty consideration must be received freight prepaid. OEM will repair or replace any unit which we find to be faulty that fall within the defined warranty period. OEM disclaims all other warranties expressed and implied, including any warranties offered by third-parties. OEM is not responsible for units that are older than one (1) year from the date of manufacture. Units that have been abused, improperly installed, or tampered with are also not eligible for warranty consideration. Units that are refused warranty will be scrapped at our facility. Units that are repaired or replaced at no charge will be shipped prepaid to the sender, unless otherwise noted.

Transit Units

OEM Light-Duty Rail (Transit Car) Hubodometers come with a standard one (1) year unlimited distance warranty. All warranty considerations must obtain a return material authorization (RMA) from OEM prior to being returned. Hubodometers returned for warranty consideration must be received freight prepaid. OEM will repair or replace any unit which we find to be faulty that fall within the defined warranty period. OEM disclaims all other warranties expressed and implied, including any warranties offered by third-parties. OEM is not responsible for units that are older than one (1) year from the date of manufacture. Units that have been abused, improperly installed, or tampered with are also not eligible for warranty consideration. Units that are refused warranty will be scrapped at our facility. Units that are repaired or replaced at no charge will be shipped prepaid to the sender, unless otherwise noted.
